

THE SMARTER CHOICE.

uPVC

PRESSURE PIPING SYSTEM

uPVC Pressure Pipe is manufactured to AS/NZS 1477 "PVC Pipes and fittings for Pressure applications". uPVC Pressure Pipe is compatible with the AsmuSS range of uPVC Pressure Pipe fittings. Pipe is available with either a solvent cement Socket (SOE) or a rubber ring joint Socket (RRJ) on one end.

Note: Fittings 65 and 125-300mm are parallel fit and require heavy duty gap filling cements. Please refer to the cement and primer page for correct solvents.

UPVC PIPE

	Code	Size (NB)		Code	Size (NB)
UPVC Pressure Pipe PN6 Class B SOE NZS 	PU800/050B/S	50mm	UPVC Pressure Pipe PN12 Class D SOE NZS 	PU800/032D/S	32mm
